Nicola Hayes opens **#PlatformAfrica Platform Markets Group** with an overview of Africa digital infrastructure market. **Mourad Younes Schneider Electric** delivers the keynote: sustainability is the key enabler to drive efficiency and profitability and hence key success factor for c suite. The trend for the **#datacenter** industry is driven in Africa by 655M subscribers and 1bn connected things by 2030. Expecting 1000MW to be built in next few years.
